**Do we carry things with us that we cannot see?**

Inside the suitcase, write down the things that are hidden and weighing you down.

List all of the objects  
you see on the  
sculpture.

Imagine you  
are forced to  
leave your  
home at short  
notice. Write down  
items you would take  
on your journey.

Do you have similar objects? Why or why not?
